Pete,

Thank you for taking the time to follow up today and explore other options. It is my understanding that you will not be in a position to ship the straightener currently scheduled to go to Orchid, together with all its attachments and software for another 3 weeks from today (6/21/24). Therefore, you have agreed that the same will not be inspected by anyone outside your regular employment nor leave your building before the earlier of that time, or our current issue is resolved. Please confirm with a response to this email?

I look forward to receiving your updated NDA pertaining to White's Bridge's financial information, etc. on Monday.

Thanks,

John
